HATSTAND OPERA

Hatstand Opera proudly present...

# Lights, Camera ... Action!

The songs behind famous movies,  
from opera to silver screen classics

Nothing brings a classic film scene to life like a great soundtrack. Tonight, Hatstand Opera bring the music behind the movies back into the limelight! From opera classics to famous screen songs, you'll love these timeless tunes presented in glorious colour by "The enterprising stars of Hatstand Opera" *The Times*.

Songs can really make the moment in a movie. Who can think of the helicopters in "Apocalypse Now" without hearing those riding Valkyries? We've also included some of the best of contemporary film scores, from "The Mission" to Tim Burton's "Corpse Bride".

After the Intermission, it's non-stop, toe-tapping, wonderful award-winning songs that'll send you "Over the Rainbow" or even "Way Out West" with supercalifragilistic delight!

***Play it (again), Sam!***

"During the interval, and on leaving the theatre, the words 'excellent' and 'brilliant' fell like stars."

*Newbury Weekly News*

"Hatstand Opera are a versatile group with bags of talent presenting a very funny, sometimes poignant, evening. The show is light and funny, blends opera with musical gems without being too heavy, and has something to appeal to all musical tastes."

*Anne Tippett, Bedworth Civic Hall*
