

Can you help us with these jobs?

Traffic/Parking Marshalls

We'll brief you fully, but in short you will help us direct traffic at the junctions and throughways surrounding the Bourne Green to keep both the roads and green safe and uncongested. We'll also need marshals to help direct stall holders where to park.

Work on your own or with a friend – anytime throughout the day 8am and 6pm. We'll supply high viz jackets and full instructions – we just need an hour or two of your time.

Show set up Assistants

Come along with a friend and join us Saturday morning 8.30-11.30am to help set up the show.

Keeping an eye on litter at all times, we'll be putting up small gazebos, hanging up bunting, laying out chairs for stall holders, our band and also to give respite to any elderly show goers.

Show clear up Assistants

Either at 5-7pm on Saturday or Sunday Morning 8-10am – we'll magic away anything to do with the show.

Moving/stacking chairs, taking down the gazebos and bunting – and of course finishing off the litter picking and clearing the recyclable material.

'Man' a Stand

Help be a Bourne Show friendly face – and help us on our Cake, Plant, Marquee Entrance, Programme or Grand draw stall. Come on your own or with a friend – but be prepared to stand as it's much easier to interact with the punters that way.

Mini Helpers/Show makers

Feel free to get your children involved if you are able to supervise them. They can join you on a stand, or help us with litter picking, selling raffle tickets and many more things (depending on their age and level of responsibility).

Email or call us now to add your name to our rota. Let us know if you have a preference of job...but slots are ideally 90-120 minutes long. We'll be in touch to let you know more details.
